To the Members of Council, Inhabitants and Ratepayers of
The Corporation of the Township of Ryerson

We have audited the accompanying financial statements of The Corporation of the Township of Ryerson Trust Funds which comprise the statement of financial position as at December 31, 2013 and the statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Corporation of the Township of Ryerson Trust Funds as at December 31, 2013, and the results of its operations, change in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

NOTES TO THE FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2013

1. SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the trust funds of the Corporation of the Township of Ryerson ("the Township") are prepared by management in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants Canada. Significant aspects of the accounting policies adopted by the Township are as follows:

- (i) Reporting Entity
The financial statements reflect the assets, liabilities, revenues and expenses of the Township's trust funds. The Township's assets, liabilities, revenues and expenses are reported separately in the Township's consolidated financial statements.
- (ii) Basis of accounting
Sources of financing and expenditures are reported on the accrual basis of accounting. Revenues are recognized in the year in which they are earned and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.
- (iii) Cash and cash equivalents
Cash and cash equivalents include balances held at financial institutions and short-term deposits with original maturities of three months or less.
- (iv) Use of Estimates
The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.
- (v) Revenue Recognition
Capital receipts are recognized when received.

2. CARE AND MAINTENANCE FUND

The care and maintenance fund administered by the Township is funded by the sale of cemetery interment rights and markers. These funds are invested and earnings derived therefrom can be used to perform maintenance at the Township's cemetery. The operations and investments of the fund are undertaken by the Township in accordance with the regulations of the Funeral, Burial and Cremation Services Act, 2002.
