

NOTICE OF A SECOND PUBLIC MEETING AND NOTICE OF DRAFT REA DOCUMENTS RELEASE

To be Held by Sky Solar Ryerson LRP Limited Partnership regarding a Proposal to Engage in a Renewable Energy Project

Project Name: Sky One Solar Project (the Project)

IESO Reference #: LRP L-006349-SPV-001-011

Project Location: The Project is located approximately 1.5 km west of the Village of Burk's Falls, in the Township of Ryerson, District of Parry Sound, Ontario. The Proposed solar facility is situated on one parcel of privately-owned land on the south side of Highway 520, approximately 500 m west of East Road, and the proposed connection point to the distribution grid will be located approximately 500 m east of the site near the intersection of Highway 520 and East Road.

Dated at the Township of Ryerson, the 26th day of October 2017

Sky Solar (Canada) Ltd. is proposing to develop the Sky One Solar Project, a renewable energy project in respect of which the issuance of a Renewable Energy Approval (REA) is required. The distribution of this combined Notice of a Second Public Meeting and Notice of Draft REA Documents Release, and the Project itself, are subject to the provisions of the *Environmental Protection Act* (the Act) Part V.0.1 and Ontario Regulation 359/09 (the Regulation). This notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of the Environment and Climate Change.

A second public meeting is being held to share information with members of the community and stakeholders. The meeting will be an open-house format where you can drop by anytime within the specified hours to view information on the Project, ask questions of the proponent and provide your feedback.

Meeting Location: DATE: January 9, 2018
TIME: 6:00 pm to 8:00 pm
PLACE: Armour, Ryerson & Burk's Falls Memorial Arena
220 Centre Street, Burk's Falls, ON

Project Description:

Pursuant to the Act and Regulation, the solar facility, in respect of which the Project is to be engaged in, is considered to be a Class 3 Solar Facility. If approved, this facility would have a total maximum name plate capacity of 11.76 MW. The Project Location is shown in the map to the right.

Documents for Public Inspection:

Sky One Solar Project has prepared the following draft REA documents as part of the REA application in compliance with the requirements of the Act and Regulation:

- Project Description Report (updated)
- Construction Plan, Design and Operations, and Decommissioning Plan Report
- Noise Study Report
- Natural Heritage Assessment and Environmental Impact Study Report
- Water Assessment and Water Body Report
- Preliminary Stormwater Management Report
- Stage 1-2 Archaeological Assessment Report
- Cultural Heritage Assessment Report

Copies of the above draft REA documents will be made available for public inspection as of October 26, 2017 at:

- Burk's Falls, Armour & Ryerson Union Public Library (39 Copeland Street)
- The Project website at: www.skyonelrp.com
